HOW DO YOU PLACE TEAMS?

There may be athletes on any given team that tumble at different levels than the rest of their team. We try to match up the athletes by level as best as we can, but please remember that stunting, pyramids, jumps, dance, and motions are also a huge factor as well. Some athletes will be stronger tumblers than others, while some will contribute to stunting more than others. Creating a team is like a giant puzzle we need to make sure we all fit together perfectly. Every athlete is placed on the team we think they will be the most successful on.

An athlete with a serious injury will not be allowed to return to activity without a release from a medical professional.

TRAVEL/COMPETITIONS

During the competition season, cheerleaders will be asked to travel to events. Some athletes will travel to national events out of the state. In this case, a separate rule sheet is handed out closer to the time of the competition. Transportation to competitions is the responsibility of each team member and their family.
